

## CONTENTS OF VOLUME 114

Vol. 114C, No. 1

- |                                                                                         |                                                                                                                                                                    |
|-----------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| M. Ishizawa                                                                             | 1 Inhibitory action of 5-hydroxytryptamine' on propulsive activity of the guinea-pig isolated colon                                                                |
| E. Holmes, F. W. Bonner and J. Nicholson                                                | 7 Comparative biochemical effects of low doses of mercury II chloride in the F344 rat and the multimammate mouse ( <i>Mastomys natalensis</i> )                    |
| J. A. Muñoz-Cueto, J. P. Martínez-Barberá, C. Pendón, R. B. Rodríguez and C. Sarasquete | 17 Autoradiographic localization of growth hormone binding sites in <i>Sparus aurata</i> tissues using a recombinant gilthead seabream growth hormone              |
| P. Výboh, M. Seman, M. Juráni, J. Buyse and E. Decuypere                                | 23 Plasma thyroid hormone and growth hormone patterns in precocial Japanese quail and altricial European starlings during postnatal development                    |
| L. Tort, B. Kargacin, P. Torres, M. Giralt and J. Hidalgo                               | 29 The effect of cadmium exposure and stress on plasma cortisol, metallothionein levels and oxidative status in rainbow trout ( <i>Oncorhynchus mykiss</i> ) liver |
| J.-C. Chen and C.-T. Chen                                                               | 35 Changes of osmotic and electrolyte concentrations in the haemolymph of <i>Penaeus japonicus</i> exposed to ambient ammonia                                      |
| B. T. Larson, M. D. Samford, J. T. Turner, M. S. Kerley and J. A. Paterson              | 39 Effects of endophyte-infected tall fescue, environmental temperature and prazosin injection on the rat                                                          |
| G. Monod, M.-A. Boudry and C. Gillet                                                    | 45 Biotransformation enzymes and their induction by $\beta$ -naphthoflavone during embryolarval development in salmonid species                                    |
| D. E. Gangadhar Rao and N. J. Shetty                                                    | 51 Proteins and esterase isoenzymes during developmental stages of organophosphates resistant strains in <i>Anopheles stephensi</i> liston                         |
| J. L. Wilkens, T. Kuramoto and B. R. McMahon                                            | 57 The effects of six pericardial hormones and hypoxia on the semi-isolated heart and sternal arterial valve of the lobster <i>Homarus americanus</i>              |
| G. A. Gerencser and S. Y. Loo                                                           | 67 Glutathione inhibition of silver-enhanced sodium transport across toad skin                                                                                     |
| L. S. Colon Teicher, R. R. Dugyala and R. P. Sharma                                     | 71 Temporal expression of retinotic acid receptors in hamster fetus during organogenesis and alteration by retinoic acid treatment                                 |
| B. Gancedo, A. L. Alonso-Gómez, N. de Pedro, M. Jesús Delgado and M. Alonso-Bedate      | 79 Daily changes in thyroid activity in the <i>Rana perezi</i> : variation with season                                                                             |

Vol. 114C, No. 2

- |                                                                |                                                                                                                                                                   |
|----------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| S. C. Langley-Evans, G. J. Phillips and A. A. Jackson          | 89 Sulphur dioxide: A potent glutathione depleting agent                                                                                                          |
| A. Power and D. Sheehan                                        | 99 Seasonal variation in the antioxidant defence systems of gill and digestive gland of the blue mussel, <i>Mytilus edulis</i>                                    |
| S. Suzuki, J. Yoshida and T. Takahashi                         | 105 Effect of testosterone on carbonic anhydrase and $Mg^{2+}$ -dependent $HCO_3^-$ -stimulated ATPase activities in rat kidney: Comparison with estradiol effect |
| R. K. Atkinson, E. J. Vonnarx and M. E. H. Howden              | 113 Effects of whole venom and venom fractions from several Australian spiders, including <i>Atrax (Hadronyche)</i> species, when injected into insects           |
| A. Ahmad and A. Salahuddin                                     | 119 Effect of organic solvents on lysozyme-antilysozyme precipitin reaction                                                                                       |
| R. G. Almeida, C. O. Massoco, H. S. Spinosa and M. M. Bernardi | 123 Perinatal astemizole exposure in the rat throughout gestation: Long-term behavioral and anatomic effects associated with reproduction                         |

J. Borgeraas, K. Nilsen and J. Stenersen	129	Methods for purification of glutathione transferases in the earthworm genus <i>Eisenia</i> , and their characterization
K. Nishimura, T. Tada and Y. Nakagawa	141	Effect of the insect growth regulators, <i>N-tert-butyl-N,N'</i> -dibenzoylhydrazines, on neural activity of the American cockroach
J. O. Palmer, S. M. Rankin, K. J. Yagi and S. S. Tobe	145	Juvenile hormone esterase activity during the reproductive cycle of the ring-legged earwig
V. Lenártová, K. Holovská, E. Martínez-Lara, J. López-Barea, J. A. Barcena and I. Rosival	153	Changes in GST-isoenzyme pattern of some organs of sheep exposed to different levels of pollution
J. P. McMurtry, W. Tsark, L. Cogburn, R. Rosenbrough and D. Brocht	159	Metabolic responses of the turkey hen ( <i>Meleagris gallopavo</i> ) to an intravenous injection of chicken or porcine glucagon
M. B. Bennett	165	Efferent branchial artery reactivity in the blacktip reef shark, <i>Carcharhinus melanopterus</i> (Carcharhinidae: Elasmobranchii)
A. Tuvikene, S. Huuskonen, S. Roy and P. Lindström-Seppä	171	Biomonitoring of south estonian waters by means of xenobiotic metabolism of rainbow trout ( <i>Oncorhynchus mykiss</i> ) liver
Vol. 114C, No. 3		
L. Marcano, O. Nusetti, J. Rodríguez-Grau and J. Vilas	179	Uptake and depuration of copper and zinc in relation to metal-binding protein in the polychaete <i>Eurythoe complanata</i>
P. F. Silveira and O. M. Mimura	185	L-cystine-di-beta-naphthylamidase activity in plasma of the snake <i>Bothrops jararaca</i> after chronic challenges of water balance
H. Honda, H. Kaneko, M. Kondo and H. Kogo	193	Comparison of endothelium-derived relaxing factor activity between nonpregnant and pregnant rats
A. S. Sansinanea, S. I. Cerone, A. Elperding and N. Auza	197	Glucose-6-phosphate dehydrogenase activity in erythrocytes from chronically copper-poisoned sheep
B. K.-M. Gadagbui, M. Addy and A. Goksøyr	201	Species characteristics of hepatic biotransformation enzymes in two tropical freshwater teleosts, tilapia ( <i>Oreochromis niloticus</i> ) and Mudfish ( <i>Clarias anguillaris</i> )
C. Dumas, V. Matha, J.-M. Quiot and A. Vey	213	Effects of Destruxins, cyclic depsipeptide mycotoxins, on calcium balance and phosphorylation of intracellular proteins in lepidopteran cell lines
L. D. Peters, S. C. M. O'Hara and D. R. Livingstone	221	Benzo[a]pyrene metabolism and xenobiotic-stimulated reactive oxygen species generation by subcellular fraction of larvae of turbot ( <i>Scophthalmus maximus</i> L.)
M. D. Grosell, I. Boëtius, H. J. M. Hansen and P. Rosenkilde	229	Influence of preexposure to sublethal levels of copper on <sup>64</sup> Cu uptake and distribution among tissues of the European eel ( <i>Anguilla anguilla</i> )
